### **Why You Sometimes See Stars and Flashes of Light**

The answer depends on what it actually is that you're seeing. There are several explanations but I'll limit it to three categories. <sup>1</sup> Physical This.

### **Sometimes, I See Colors Too | Just Neighbors**

Specks and squiggles float around in my eyes sometimes. Is there something wrong with my vision? It's pretty normal to see tiny dark blobs or.

### **Why You Sometimes See Stars and Flashes of Light**

The answer depends on what it actually is that you're seeing. There are several explanations but I'll limit it to three categories. <sup>1</sup> Physical This.

### **Why do I sometimes see flashes of light or see stars when I yawn? | Naked Science Forum**

Do not see those who have tried to guide you as obstacles to your progress. See them as having done their own job based on what they know, now it's your turn.

### **Why You Sometimes See Motion When Nothing's Moving At All**

The stars and flashes you sometimes see are called "phosphenes," a visual occurrence characterized by seeing light without having light.

### **Why You Sometimes See Stars and Flashes of Light**

The answer depends on what it actually is that you're seeing. There are several explanations but I'll limit it to three categories. <sup>1</sup> Physical This.

## Why You Sometimes See Stars and Flashes of Light

Now, it's quite obvious that we see colors when we 'look' at things, but have you ever noticed that sometimes we see colors even when our eyes are closed? Phosphenes: Colors and Patterns Behind Our Eyelids. One very common myth pertaining to our eyes is that they are only activated.

## Why Do I Sometimes See Tiny Moving Dots? | A Moment of Science - Indiana Public Media

YAWN!!!.well why do I? Often, after a nice long yawn I see flashes of light, just tiny specks in my peripheral vision!! what's that all about?.

## What Causes Eye Floaters?

You may sometimes see small specks or clouds moving in your field of vision. They are called floaters. You can often see them when looking at a plain.
