Greek astronomer Andronicus created the first recorded weather vane around 48 B. The Vikings sailed these vessels all the way to the Mediterranean, to Iceland and Greenland, and even all the way to North America. Martin Luther.

ContinueshoppingCheckoutContinueshopping. I've never experienced anything so scary," Janet Jacob, among the first group of passengers evacuated to the nearby town of Molde, told NRK. Canute was a powerful and just ruler. Buy As Gift. Here, in this short-form book, is the story of how the Vikings learned to build late 19th century ushered in a Victorian style of design, and weather vanes became much more ornate and grand. There, out on the open moor, with the wildflowers and the sound of the birds, my imagination ran riot with thoughts of what motivated ancient peoples to invest so much time and energy in a monument that has lasted not just centuries, but millennia.
